### **Public Request - Splash Pad**

A number of citizens have once again brought up the suggestion for the town to build a splash pad. The board brought it up several years ago. The idea was discussed. Currently the board does not have the funds or the budget to move forward. The four keys to something like this would be:

1. Initial Cost & Maintenance Costs
2. Operations Responsibility
3. Site Location
4. Water Infrastructure & System Type

### **Fifth Street Park**

Field Irrigation: Currently, as of the meeting, the water irrigation system was not operational. Water is in the reservoir but testing is still being performed. The fields are in need of irrigation.

Baseball and softball tourney dates for the month of June and July were discussed. Field dressing responsibilities were clarified that the responsibility of field care is by the lessee. This is typically formed out to the local leagues.

### **18th Street Park**

The musical park drum replacement caps are on order from a donation by Psi Iota Xi.
